

Electro-Voice EBK1M103PACK Forged M10 Eyebolt Kit Set of 3 ELX200

The Electro-Voice EBK1-M10-3PACK is a set of three eyebolts designed to allow safe hanging of an Electro-Voice ELX200 speaker in live stage, theater, and club venues. Each forged eyebolt features an M10 thread for compatibility with ELX200 suspension points. Three eyebolts are necessary for suspending one ELX200 speaker. Installation is easy and requires no drilling.

Features:

- Three eyebolts for suspension of one Electro-Voice ELX200 speaker
- M10 thread for compatibility with suspension point in ELX200 speaker enclosures
- Easy installation; no drilling required
