

PureLink EZH2-DT-020 20m/66ft EZ Detachable HDMI 2.0 over Fiber Cable with TotalWire Technology

20m/66ft EZ Detachable HDMI 2.0 over Fiber Cable with TotalWire Technology

The HDTools EZH2-DT HDMI 2.0 over Fiber Cable provides a convenient, plug-n-play extension solution offering full 4K/60 (4:4:4) connectivity and HDCP 2.2 compliance. Detachable HDMI and DVI Tx/Rx connectors allow cable runs through conduits or other tight spaces, offering greater manageability in many installation environments.

The EZH2-DT is available in pre-terminated lengths up to 100 meters and are thinner and more flexible than copper or standard fiber cables. The EZH2-DT can simply be used as a regular HDMI cable for powerful, long-distance transmission without the need for additional extenders or accessories.

Features:

- Supports resolutions up to 4K/60 4:4:4
- Supports High Dynamic Range (HDR) content
- High quality, detachable Tx/Rx connectors*
- Pre-terminated lengths up to 100 meters (328 ft.)
- HDCP 2.2/1.4, CEC compliant
- 18 Gbps data rate (6 Gbps per channel)
- Low power consumption (250mW)
- Pass-through EDID
- Plug-n-play (external power* not required)

*DVI Tx/RX connectors sold separately

*Auxillary power supply unit also available
