

Altinex TNP155-b Tilt-n-Plug Tabletop Interconnect Box with 2x2 Charging USB/Power

Please **NOTE**: This listing is for **B-Stock** item. It means that this unit was refurbished by manufacturer and holds full manufacturer warranty, however it may have scratches, signs of wear and tear or come not in original box.

The TNP155 Tilt 'N Plug Jr . is a compact interconnect solution that provides charging USB and AC power connections when needed, and hides them when not.

Connections on the TNP155 are accessed by pushing down on the top panel, which tilts into view using a smooth gas spring. Once opened, the input plate remains securely in place. The unit is closed by pressing down on the top panel, which closes the lid. In its closed position, the top panel lies flush with the table top, held in place by a mechanical latching mechanism.

The TNP155 provides a single input plate with 2 AC Power connection outlets with 9-10 ft (2.7-3.0m) cables and 2 USB (Type A F-M) input connections with 6 ft (2m) cable length intended for power charging, suitable for use throughout the U.S. and Canada. The product also comes with 5V,5 ports USB low profile power supply, PS5598UB , to power up USB connections from the back end.
