

HuddleCamHD HP-AIR-BA-BK Wireless USB Speakerphone with Extender (Transmitter/Receiver) Kit/Black

Wireless USB 2.0 Speakerphone System

The HuddlePod Air BIG Audio provides high quality audio conferencing without cumbersome wires draping over your conference room floor. Everything you love about the HuddlePod Air with an included wireless extension to use existing amplifiers and speakers.

Full Duplex Microphone

The HuddlePod Air is the ideal wireless USB conference phone. With a full-duplex omni-directional microphone the HuddlePod Air takes advantage of a direct 2.4GHz wireless USB receiver which is much better than bluetooth.

The HuddlePod Air BIG Audio provides a wireless connection to the HuddlePod Air and connects the audio output to a large system such as an amplifier, ceiling speakers or TV stereo. The HuddlePod Air Big Audio unit has a 1/4" audio output(1/8" adapter included) to connect to larger audio systems such as amplifiers and TV's for your HuddlePod Air. The HuddlePod Air BIG Audio includes the HuddlePod Air.

Universally Compatible

All HuddleCamHD cameras & speakerphones have been designed for plug and play compatibility with web-based video conferencing software such as: Skype, GoToMeeting, WebEX or Zoom. Enjoy seamless integration even with live streaming applications such as Facebook Live.

The ideal wireless plug and play microphone

Get the clutter off your conference room table! The HuddlePod Air is a 2.4 GHz wireless audio conferencing speakerphone, designed to work with any UAC compatible software (e.g. Skype, Lync, Webex, GoToMeeting, Zoom.US, Jabber, Spontania, etc...). Whether Win 7, 8, 8.1, or 10, connect the receiver antenna to a USB port and you are ready to go with Full Duplex audio for all of your conferencing needs. Ideal for 1-10 person tables. Built-in automatic DSP and EQ: 256 channel acoustic echo cancellation, up to 16dB noise cancellation and auto level control. 360 degree, omni-directional pickup. Ships with wireless receiver and antenna, neoprene travel case, protective cap for receiver USB plug and USB charging cable. Simultaneous 3.5mm audio output jack on speakerphone for headphones or additional amplification (of far-side) by an external system.
