

SECO-LARM E-939-S50RHGQ 50ft Reflective Pulse Photobeam Sensor

Reflective Photobeam Sensor, range: up to 50ft.

Features

- Multimode sensor with 10K, N.C., and pulse/heartbeat monitoring
- Large sensor with patented design and large reflector for a large sensing area and easier alignment
- Up to 50ft (15m) sensing range
- Dual-color LED alignment
- Form C relay: NO/NC/COM, 1A@24VDC
- Adjustable sensor range
- Weatherproof construction for indoor/ outdoor use (IP66)
- Sensor, large reflector, and reflector hood included
- Monitored output: N.C., 10k Ω resistor, pulse (2 or 3 Frequency)
- Pre-wired 6ft (1.8m) cord
