

## **AG Neovo SC-22AH 22 inch Full HD LED Display with Analogue HD-over-Coax capabilities**

Featuring support for AHD2.0/TVI 2.0/960H/720H inputs and a 22" Full HD LED backlit panel, the SC-22AH is a high-quality surveillance display. Analogue HD-over-Coax support means the SC-22AH receives zero-latency transmission of high-definition 1080P video over distances of up to 500m through a coaxial cable connection. This also provides you with backwards compatibility with standard analogue cameras. This functionality along with Anti-Burn-in™ technology geared specifically for 24/7 displays that show the same uninterrupted images for an extended amount of time, passive looping through its output connection, and 3D-deinterlacing and 3D Noise Reduction for clearer images make the SC-22AH a superb choice for your surveillance solution.

### **Features**

- FHD 1920 × 1080 resolution
- Anti-Burn-in™ technology
- Built-in Image Enhancer: 3D Comb Filter/Deinterlace/Noise Reduction
- Versatile connectivity (BNC in/out, S-Video, VGA, HDMI, Audio in/out)
- Analog HD – AHD 2.0 / TVI 2.0 & Analog SD – CVBS (PAL / NTSC) Loop through
- Quick signal-switching time
- Auto detect video signal (AHD, TVI, CVBS-NTSC, CVBS-PAL)
- Selectable signal source
- Rigorous screening of the components for mission-critical 24/7 applications
- Built-in speakers
- VESA standard wall mount
- Key lock function
- Auto-adjustment for optimal setting
- Tilt capacity from -6° ~ 13.5°
