

## **Datavideo SE-500MU 4 Channel HD Video Switcher**

*This listing is for SE-500MU only. Use description below as a general reference.*

The Datavideo SE-500MU is one of the most affordable 1080p switchers currently available. It is controlled by the free tablet app, which is available on the Apple App Store and Google Play Store. The program can also be found as a free download for Windows and Mac computers.

The SE-500MU is not merely a video switcher, it is also a PTZ camera controller. There are two available Control Applications- SE-500MU Control (for video switcher) and SE-500MU PTC Control (control up to 4 PTZ cameras). SE-500MU offers 4 HDMI inputs, a program output, and a quad preview. It supports video resolutions up to Full HD 1080p, and it can perform cut, mix, and wipe transitions, fade to black, PIP, Split Screen, and Luma Key.

### **Features:**

- 4x 1080p 3G HDMI inputs
- Control up to 4 PTZ cameras
- Built-in video scaler for mixed resolution inputs
- Remote control via the App - Available for Windows, Mac OS, iOS, and Android
- IP or RS-232 control
- Split screen on PGM output - for corporate applications where they do webinars for training
- Designed for system integrators, AV markets such as one-man operation, corporate, conference and medical
