

ICRealtime ICIP-D4002-IR-2.8-I 4MP IP Indoor/Outdoor Vandal Dome Camera/2.8mm Lens/60ft IR/POE/AI On-Board Analytics/Mic

A little dome camera, packing some big brain power.

This small form factor dome camera adopts a 4MP, 1/3" CMOS sensor enabling 4 Megapixel video at up to 20FPS. This sensor sits atop a 2.8mm fixed lens, and is paired with IR LEDs capable of supplying illumination up to 90'. The image sensor itself has a strong 120 dB dynamic range, making this dome camera a 'True WDR' camera.

The real magic of this camera lies in it's AI (Advanced Intelligence) suite of features, which includes: Tripwire, Intrusion, Scene Change, and Face Detection.

With all of the above features packed into a small form factor, this bullet camera excels in a wide array of installation environments including: retail outlets, commercial business, interior residential installations.

Features:

- 1/3" 4 Megapixel progressive scan CMOS
- Max 20fps@4M(2560x1440), 25/30fps@3M(2304x1296)
- WDR, Day/Night(ICR), 3DNR,AWB,AGC,BLC
- IP67, IK10, PoE
- Max. IR LEDs Length 60Ft (20m)
- 2.8mm fixed lens
