

## **Electro-Voice MP785 Dynamic 3 Zone Gooseneck Paging Microphone**

The MP785 is a 3-zone dynamic gooseneck paging microphone with an omni-directional pickup pattern. The microphone is equipped with 3 color-coded buttons, and is housed in diecast aluminum with a durable satin-chrome finish. Zones may be called individually or collectively by pressing the appropriate buttons.

### **Features:**

- 3 color-coded call buttons for individual or collective 3-zone paging
- Frequency response optimized for speech intelligibility
- Omni-directional pickup pattern
- Rugged aluminum mounting base
