Aurora Multimedia RXT-7-B 7 inch in-wall IP touch panel control system

This listing is for RXT-7-B only. Use description below as a general reference.

The RXT-7 is the World's first ReAX™ JavaScript-based Touch Panel/Control System. Ideal for conference rooms, educational facilities, digital signage and more. Designed to flush mount magnetically into the RXT-BB7 backbox, the RXT-7 has a beautiful 1024 x 600 touch screen with 170-degree viewing and room status lighting. The 2D and 3D graphics engine with 1080p H.264 streaming decoder provides a powerful solution for complex graphics and video, ensuring an enhanced user experience.

To further enhance the experience the RXT-7 has stereo 2-watt speakers, digital microphone, and ambient light sensor. The RXT-7 is a powerful 'all-in-one' solution for your presentation and automation needs.

Core Studio tool is available free of charge for code and interface creation.
