

Roland JUNO-DS88 88-note Weighted-Action Mobile Synthesizer

Easy-to-use 88-note weighted-action mobile synth for bands on the move

Life in a modern band doesn't run like clockwork. In the same day, you might be rehearsing, recording and playing live, with each session demanding a whole new musical approach. Some synths will slow you down with their bulky size and uninspired sounds. The Roland JUNO-DS88 sets you free. Wherever your music leads you, this streamlined weighted-action 88-note synth will follow, with compact dimensions, smart operation and a choice of pro onboard sounds for anything from studio work to street performance. The JUNO-DS88 is the ideal instrument for piano-oriented keyboard players.
