Roland M-300 32 Channel Live V-Mixing Console

The M-300 V-Mixer is a 32-channel console that possesses many of the powerful features and extensive benefits of the award-winning M-400 and M-380 V-Mixers - but in a very compact format. The M-300 provides another console choice in the growing V-Mixing System that also consists of Digital Snakes, Personal Mixing and Multi-Channel Recording. Its size and affordability allows smaller to mid-sized venues to replace their analog consoles with a digital mixing solution. The M-300 is ideal for any event production, houses of worship, schools, government and corporate applications.

Features:

- 32 mixing channels, L/C/R outputs, 8 AUX buses, 4 Matrices
- 4-band PEQ and dynamics on all channels
- 11 different built-in multi-effects/ PEQ and delay on all outputs
- 24bit AD/DA for high-quality soundRemotely controllable from a PC
- Record to /playback from USB flash memory
- Perfectly integrates with the Digital Snake for simple and high-quality audio transmission, distribution, splits and merging
- Construct a flexible and powerful system by adding the Personal Mixing System, multi-channel recording and other REAC components
