

## **Roland M48-PM8 Personal Mixing for Eight (MADI System)**

This system enables the connection of eight M48 Personal Mixers to any MADI-based digital console. Connect one of the M-48's directly to the S-MADI and use as the Engineer's Monitor that instantly clones any selected M-48 on stage. Control setup and confirmation via PC or Mac-based software. Package consists of eight M-48 Personal Mixers, a S-4000D Splitter and Power Distributor, and the S-MADI REAC MADI Bridge.

### **Features:**

- Personal mixing solution for MADI-based consoles
- Eight M-48 Personal Mixers included along with the distribution/power hub
- Connect an M-48 to the powered REAC port on the MADI bridge to instantly clone any of selected onstage units
- Setup and configuration controlled via PC or Mac
