

Roland RCC-200-SDI 60m/200ft SDI Cable (Black Series)

60m/200ft SDI Cable (Black Series)

Roland Black Series SDI cables are designed to transmit HD video and RF signals precisely and accurately. Our 20 AWG core carries your signal with precision, while the high-density braided shielding eliminates any interference and contamination. Incorporating high-quality BNC connectors and heavy-duty polyethylene insulation, Black Series SDI cables deliver performance you can trust.

Features:

- 75 ohm cable impedance
- High-quality BNC connectors for full dynamic reproduction
- Supports Full HD (1920 x 1080 pixels)
- High-density spiral shielding with heavy-duty polyethylene insulation
- 6 mm OD flexible matte black PVC jacket
- Lifetime guarantee
