

Datavideo EPB-1300 Educator's Production Bundle

EPB-1300 is a complete workflow that is designed for educators to teach the fundamentals of live video production. With this bundle, students will be able to produce news shows, morning announcements and other live event productions. The included Teachers Guide and Activity Book offers recommended lesson plans, activities, and step-by-step how-to tutorials backed by professional videographers, show hosts, and producers. The EPB-1300 includes the HS-1300 6 input hand carry mobile studio with a built-in streaming encoder and recorder, 2 Camera GoKit (2x PTC-150 PTZ cameras, RMC-180 camera controller, all cables, and HC-800 portable case), microphone kit, TP-150 teleprompter, WR-500 teleprompter remote, and TG-100 teachers guide and activity book.

Features:

- **Video Production Teacher's Guide:** Video production class curriculum and activity book included.
- **Portable:** This portable workflow is compact, easy to teach, and simple to operate.
