

TV One 1T-C2-200 S-Video Scaler up to 1080p

1T-C2-200 Video Scaler is based on TV One's exclusive CORIO®2 technology and provides high quality up conversion from standard video formats to Computer or HDTV signals in a compact package. NTSC and PAL video standards are supported. Inputs can be Composite or YC. A computer bypass is also provided. The output is selectable as any computer resolution up to 2048x2048 at any vertical refresh rate and all HDTV resolutions up to 1080p. A wide variety of computer signal formats are available to support PC, Mac and Workstation formats. All the functions can be controlled via the front panel Push Buttons, an Infrared Remote Control Unit or an RS-232 connection. The CORIOtools Suite integrates fully with the unit. A Windows Control Panel is provided and most third party control systems interface directly with the entire C2 range of products. An On-Screen Display is available to assist in setup. Variable Zoom to 10X allows you to enlarge any part of the video image to fill the entire computer screen and position controls allow you to move around to any area desired. Variable Shrink to as little as 10% allows fitting the image onto most displays. The full bandwidth chroma sampling ensures faithfully reproduced, high resolution colors.

Features:

- Automatic Incoming Resolution Detection
- 1x CV and 1x YC (S-Video) Input
- 1xRGB/YPbPr Input for Loop-thru
- Multiple Worldwide Television Standards In
