

SunBriteTV SB-V-65-4KHDR-BL 65in 4K UltraHD (2160p) HDR Veranda Outdoor LED TV/Full Shade

Weatherproof, SunBriteTV 65" true outdoor 4K HDR television - the Veranda Series TV is optimal for **full-shade** outside living areas like a covered patio or screened gazebo.

Why is this the best outdoor TV for shaded patios and decks?

The latest model in the SunBriteTV Veranda Series offers a premium 4K UHD HDR screen with direct LED backlight and is up to 50% brighter than indoor TVs to deliver a breathtaking, vivid picture in outdoor environments.

SunBriteTV's durable aluminum case protects against rain, snow, extreme temperatures, dust, salt, and insects; compared to the lightweight, vented plastic of typical indoor TV cases; plus an easy cable-entry system.

Veranda Series includes built-in speakers and a generous weatherproof media bay for popular streaming devices (RoKu, Apple TV, etc)

Supports HDMI 2.0 and HDCP 2.2 to help ensure compatibility with 4K sources and streaming services; equipped with 3 HDMI and 1 USB inputs for variety of connectivity options, as well as HDMI ARC on 1 input, and IP control.

Features:

4K HDR screen designed for fully shaded outdoor areas

The best in picture technology with 4K UHD full High Dynamic Range (HDR) support. HDR offers a much wider color gamut than standard TVs, helping to represent colors more realistically. Veranda's true HDR screen brings amazing contrast and vibrant colors to full-shade outdoor spaces.

Sleek, Modern Design in a Weatherproof Durable Case

A new, thin-bezel design and sleek appearance add style to your outdoor space. Powder-coated rust-proof aluminum exterior protects internal components from rain, snow, dust, insects, humidity, and salt air.

Brighter Screen

Now up to 50% brighter than indoor TVs for improved viewing in brighter outdoor environments.

User-Friendly Compatibility

The Veranda series supports HDMI 2.0 and HDCP 2.2 to help ensure compatibility with the latest 4K sources and streaming services, and is equipped with 3 HDMI inputs and 1 USB input for connectivity, as well as HDMI ARC on 1 input, and even IP control. A rear IR receiver located in the cable compartment keeps the IR emitter hidden and protected, while a weatherproof remote puts the power in your hands.

Large Weatherproof Media Bay

Cable hookups are easy with SunBriteTV's innovative weatherproof cable entry system. Thick gaskets seal out moisture, with plenty of storage room for many popular media players and cables.

Built-in Sound

The Veranda series comes with built-in 20W down-firing speakers for an all-in-one sound solution, plus a built-in 20W amp for select SunBrite all-weather Soundbars. If you want to add an external audio system for even greater punch, it's easy. **Engineered for use in different climates** Allows for operation in low temperatures from -24°F and high temperatures up to 104°F. (Storage temperature ranges from -24°F to 140°F)
