Aurora Multimedia RXT-10D-W 10in desktop ReAX IP touch panel control system/Black

The RXT-10D is the World's first ReAX JavaScript based Touch Panel/Control System. Ideal for conference rooms, educational facilities, digital signage and more. Designed to sit on any flat surface, the RXT-10D has a beautiful 1280 x 800 touch screen with 170-degree viewing and room status lighting. The 2D and 3D graphics engine with H.264 streaming decoder provides a powerful solution for complex graphics and video, ensuring an enhanced user experience.

To further enhance the experience the RXT-10D has a 2-watt speaker system, and digital microphone for conferencing. The RXT-10D is a powerful 'all in one' solution for your presentation and automation needs.

Core Studio tool is available free of charge for code and interface creation.
