

MirageVision MV 55 DQ80 Diamond Q Series 55 inch 4K UHD QLED Outdoor TV

If you are looking for a super bright, high quality & long-lasting Outdoor TV that can be showcased at your next backyard gathering with family & friends, then you have found the PERFECT TV! These top of the line Residential Outdoor TVs are specifically made for Direct Sunlight viewing. Not to mention the picture quality is SUPERIOR with STUNNING 4K Resolution Quality. Brightness on the Diamond Q TVs can range between 1000-1500 nits (depending on size and model).

The Diamond Q models are all Samsung donor TVs that incorporate the latest in Samsung proprietary QLED technology, such as, Quantum Dot, HDR (High Dynamic Range Contrast) that magnifies 100% color, more than a billion additional shades of color compared to standard UHD (4k) models.

Introducing our MirageVision QLED UHD (4k) Series, This series was developed for Hi-End Residential Use. These models are all Samsung donor TVs that incorporate the latest in Samsung proprietary QLED technology, such as, Quantum Dot, HDR (High Dynamic Range Contrast) that magnifies 100% color, more than a billion additional shades of color compared to standard UHD (4k) models. These models are Smart TVs with built-in WIFI and Apps. They also incorporate our proprietary MPET outdoor calibration that enhances the brightness, color, gamma and contrast in outdoor daytime viewing.

Features:

QLED: The Next Innovation in TV

Introducing QLED. Get 100% color volume with our exclusive Quantum Dot technology. Connect your devices without clutter with one Invisible Connection and use one remote to control everything. Experience perfect color with the QLED TV, featuring reinvented Quantum Dot technology and a new metal core for 100% color volume.

Improved off-angle viewing and a boundless 360 degree design bring every scene to life, while the OneRemote puts you in control of all your devices.

The Power of High Dynamic Range

QHDR Q | 4K HDR Elite delivers elite contrast and expanded color detail which reveals subtle lost details even on challenging white on white color pallets.

Q Picture 100% Color Volume

With exclusive Quantum Dots that turn light into perfect color, our QLED TV is the first of its kind to achieve 100% color volume. That means color doesn't fade, even in the brightest scenes.

Samsung QLED TVs have 100% color volume and over a billion shades of color. Thanks to Samsung's proprietary Quantum dots, picture quality and color volume have been elevated beyond any prior Samsung product.

SEE MORE OF WHAT YOU WANT, LESS OF WHAT YOU DON'T

Cleanly connect your devices and remove unnecessary clutter with the nearly undetectable Invisible Connection™ cable.

WEATHERPROOF & BOUNDLESS 360 DESIGN

The thin-bezel design and clean black finish look gorgeous front to back no matter where you place it.

Our weatherproof process allows our QLED TVs be placed outside in direct sunlight and any elements nature decides to throw its way.
