

# Atlona AT-PRO-LCS20 20ft High Speed HDMI 1080P 4K 3D UHD Cable for UHDTV BLURAY PS4 XBOX ONE

## Atlona LinkConnect PRO Select High Speed HDMI 2.0 Cable w/Ethernet

Atlona LinkConnect Pro Select HDMI cables are a perfect solution for routing cables in wall or through HDTV mount arms. This technologically advanced cable utilizes an active chip to transmit high speed signal with ethernet at resolutions up to 4kx2k over an ultra-flexible, CM rated cable that is easily concealable in wall. The active chip technology eliminates the need for heavy-gauge copper, making the cables lighter, thinner and flexible.

Experience high definition quality with the Atlona LinkConnect Pro Select High Speed HDMI Cable w/HEC and ARC. Specifically designed for today's high performance AV components, the LinkConnect Pro Select is capable of handling increasingly advanced demands from tomorrow's AV systems. Manufactured using the latest premium technology and materials, this cable assures you top performance and the best AV experiences. It comes with an Atlona Advantage lifetime warranty.

## Advanced 4kx2k UHD

- Experience optimal AV performance with support up to 4kx2k ultra high definition resolution and 3D support.

## 24K Gold Plated Tight-Fit Connectors

- The HDMI male A connector has two dimples on top and bottom for a tight fit to match the female connector. Most cables only include 2 dimples on the top of the connector and NOT the bottom. These cables are also Corrosion resistant for maximum signal transfer and improved conductivity.

## High Quality Copper Shielding

- Ensures your signal is intact and protected against electrical and magnetic fields.

### Product Details:
