

Atlona AT13026 Atlona Mini DisplayPort male to HDMI female Adapter for Mac

Atlona Mini DisplayPort male to HDMI female Adapter for Mac. Model: AT13026

The Atlona Mini-DisplayPort male to HDMI female adapter is designed for connecting Mac Laptops with Mini-Display Port output to HDTV displays which have an HDMI connection. The AT13026 based on the latest DisplayPort 1.1a standards and therefore capable of supporting very high resolutions up to 1080p.

Note1: This adapter will support Digital Audio and Digital Video signals.

Note2: Audio will only work if Mini-DisplayPort source is capable of outputting audio though Mini-Display Port connector. Please check in your users manual for the Apple laptop you have.

Application:

Great solution for using your HDTV or Projector to watch movies, perform presentations directly on your TV from your Apple MacBook or iMac Computers. You can use this cable in both video mirroring and extended desktop modes.
